THE NIGHT RIDERS

Condemned at a Mass Meeting in Jackson.

At a meeting called and held at
Jackson on Thursday April 9th,
1908, for the purpose of consider-
ing the best interests of our be-
loved State and to deplore the law-
lessness existing in the tobacco
districts, F. H. Riffles was elected
chairman and Walter Kempt sec-
retary.

After several stirring speeches,
a committee on resolutions was
appointed and reported as follows:
Whereas, A state of anarchy,
lawlessness and a reign of terror
exists throughout the central and
western sections of our State,
known as the tobacco belt, and

Whereas, Such a state of law-
lessness can only be productive of
general disaster to all sections of
our State, and

Whereas, People from other
States being afraid to pass through
the lawless Blue Grass and Black
Patch, are kept from Breathitt
and other law abiding mountain
counties, thereby hindering us in
the development of our natural re-
sources, and

Whereas, We, the citizens of
Breathitt county, deeply deplore
the fact that the people of the to-
bacco districts have brought dis-
grace and reproach upon the fair
name of our beloved state, and al-
though we have been deeply man-
gled in days past, we desire to
go upon record as deploring and
condemning the state of lawless-
ness existing in the Blue Grass
and the Black Patch, therefore, be it

Resolved, 1st. That we tender
to the people of the tobacco dis-
trict our deepest sympathy and
condemn the lawlessness of those
responsible for it; and that we
will co-operate with them in any
LAWFUL way to restore law and
order to the fair name of our be-
loved Kentucky.

2nd. That these resolutions be
published in The Breathitt County
News and The Jackson Democrat,
and that all Kentucky papers be
requested to copy.

(Signed) WALTER KEMPT,
Secretary.

visiting relatives and friends.

ladies' furnishing goods.

John P. Turner, of Canoe
passed through here Wednesday
on his way home from Tallega,
where he took ten rafts of ties
and sold them to C. B. Waller at
a good price. He was much pleased
with his treatment at the hands of
Mr. Waller and recommends that
his friends consult Mr. Waller
when they have ties for sale. Mr.
Turner renewed his subscription
to The News, which he has been
doing every year since it began
its existence.

Warford and wife and Mrs. O. B.
Garrett visited Columbus Cox

Jett's Creek.

The farmers of this vicinity are
having a wet time sowing oats and
farming. What has become of
The News correspondent at Can-
nel City? Is he too busy garden-
ing that he cannot write the hap-
penings of that thriving little
burg? May be the correspondent
is of the feminine gender and is
busily engaged in spring house
cleaning. Anyhow, the readers
of The News in this vicinity would
be pleased to have the corre-
spondent "get a move on" and
tell the important happenings oc-
casionally. Bryant brothers and
Henry McIntosh have corn for
sale. Robert Bryant and Miss
Rachel Johnson visited Dodge
Bryant Saturday. E. Johnson
has commenced work on his new
house on his farm near the mouth
of Jett's creek. The boys of
this place have been making a

week on business. Miss Mary
McIntosh visited Miss Julianne

tosh and Elisha Johnson Jr., vis-
ited Anne McIntosh Saturday. The

Crockettsville.

The people of Crockettsville are
pushing business, which means
war with the present panic.
Home industries are claiming
the greatest part of the minds of
the citizens in this part of the
country. Farmers are fighting
briars and bushes, on the land
they expect to plant in corn. Uncle
Arthur McDaniel has moved
from the Burton and Riley mill to
Miller branch for the purpose of
farming. John Mosley has
moved to the property of Jerry
McDaniel, known as the Ben Hogg
place for the purpose of cultivat-
ing a crop of corn. Some of our
most respectable youths were tak-
ing a game of hard scramble with
tangle foot, Saturday. As a
means of prohibiting such in-
dulgence we need a better
system of moral intellectual trian-
ing. Charley Turner's wife, of
Buffalo, was blest with a pair of
girls on the 4th inst, it being the
same time when Mrs. James Cor-

believing from the present indica-

The Convocation.

PUPIL OF E. K. S. N.

We note a few items of interest,
which we got from the second
convocation of county superin-
tendents of schools of Eastern
Kentucky, which was held in
the chapel of the Eastern Ken-
tucky State Normal building of
Richmond, Kentucky, from April
1 to 3, 1908.

We note a fair increase of the
number in attendance last year,
there being forty of the sixty-
eight superintendents of the Eastern
district present, which mani-
fest the great interest that is be-
ing taken in education in Ken-
tucky.

Space will not permit me to
give the full details of the meeting,
therefore, I shall only give the
leading facts which are as fol-
lows:

Supt. Noland of Madison county,
was elected chairman of the convoca-
tion and gave the address of
welcome, in which he appealed to
all present for more earnest and
sincere workers in education.

A thorough discussion of the
new school laws of Kentucky was
indulged in, in which many promi-
nent educators of the State took
part, which terminated in every
speaker stating that "If the new
educational acts were properly
construed and carried out, they
would prove a great advance in
the betterment of education."

Prof. Dinsmore, of Berea Col-
lege, spoke on the "Superintend-
ent's Mission," making plain the
responsibility of each county su-
perintendent in visiting each dis-
trict school and taking an active
part in the teacher's work. The
superintendent is the originator
and promotor of education in his
county, and I believe we are safe
in saying that the teacher will be
just what the superintendent
would have him be, and the school
will be just what the teacher
would have it be. Therefore, the
superintendent must put himself
in the position of the parent in
the rural district, by holding night
lectures in each district, allowing
the patrons to discuss the obsta-
cles of their schools.

Representative Jackson, who
was an educational worker in the
recent legislature, made clear the
importance of the superintendent's
frankness with each teacher. He
condemned favoritism, in as much
as it leads to certificating the un-
qualified applicant to become the
teacher of the little children of
our schools. Too much stress and
comment can not be given to this
topic, as it is plain to all to what
extent it has already been carried,
and the under-rating it has placed
upon the more worthy teachers.
Miss Tye, Superintendent of
Knox county, gave the importance

of each superintendent keeping a
clean and precise record of the
condition of each district school,
including the appearance of the
teacher, his school and the sur-
roundings of the school building.
The session was closed on Fri-
day, April 3, by an all-round dis-
cussion of better qualified men for
superintendents of schools, the
standard bearers of education in
their respective districts must
possess qualifications equal to the
importance of that useful office.
